 Makati, Philippines

PROFILE

Detail-oriented technical support professional with four years of experience in troubleshooting and resolving complex technical issues across various platforms. I've developed a strong foundation in front-end technologies like HTML, CSS, JavaScript, and jQuery, and have successfully expanded my expertise into WordPress development. Proficient in both custom WordPress development and using page builders like Elementor and Classic Gutenberg, I am dedicated to delivering dependable WordPress support and enhancing user experiences. Eager to further my career and acquire additional skills, I'm seeking a role that allows for professional growth, whether in customer support, technical support, or WordPress development.
